#### 4) "How to achieve Success in life"

Honourable chief guest, headmaster of our school, and my dear friends; today I want to use this forum to share some of the secrets of success with you. So far, your success has meant that you have successfully completed the assignment on time, participating in lectures, staying absent in classes, maintaining essential presence, working hard in semester examinations, but in reality, life is a great ocean. In fact it's an ocean that you have to cross. Occasionally you may be hurt in life, as if someone hit a stone, but do not lose hope. History is a witness that those people who do not accept defeat eventually achieve success, but if I ask you to explain success, many of you can name it, fame, recognition, big house, car, bank balance etc. Say in the form. But according to me, the interpretation of success can be different from each person. The ultimate success is happiness and satisfaction. It is important that you want to get your passion and love Work hard for your goals and dreams rather than spoiling your time. You work according to your identity and ability not for anyone else but to achieve real success.
