

Day 10 Std.9th Bridge Course 2023-24 My Thoughts

BRIDGE COURSE: 2023-24

Day: 11 Sub: English Std.: 9th

11. My Thoughts

Learning Outcomes:

- _ Speaks in English about events in the school environment and outside in the surroundings.
- _ Participates in different events such as role-play, poetry recitation, skit, drama, debate, speech, elocution, declamation, quiz, etc., organized by the school and other such organizations.
- _ Participates in language games and activities for language learning.
- _ Choose appropriate vocabulary/expressions in various formal/informal situations.

Learning Activity/ Experience:

□ Teacher divides the class into pairs and guides students to complete the following sentences in pairs.

□ Teacher asks student to discuss the following with your friend in pairs and then complete the sentences.

Solved/Demo Activity:

□ **Teacher gives an example to seek essential information.**

e.g.

I would like to talk to my teacher about my annual exams.

I would like to learn to from my.....

May I borrow your?

I think, I can't it, because I can't it.

May I know your?

I agree, I disagree

□ Teacher asks the following questions to the students and seek to get the answers.

A. Do you like to share your thoughts?

B. I would like to talk to my mother about Abacus lessons.

A. Oh, do you like to study Abacus?

B. I think, I can't learn it, because I can't understand it.

A. May I know why you are not able to understand it?

B. Yes, I think it needs practice, and I can't give more time to the practice.

A. I agree with you. After school and studies of regular subjects, swimming class, cricket you don't have enough time to practice.

B. I hesitate to talk with my mother about this because she will think I am giving excuses.

A. I think you have to talk to her. Likewise, student makes their own conversation pieces to practice in the classroom.

Practice:

□ Teacher makes some sentence cards. Teacher shuffles the cards. The half part of the sentence will be on CARD - I and the other part will be written on CARD - II.

□ Students should find the correct part to make appropriate sentences.

□ Teacher makes as many cards as s/he needs.

CARD - I

- 1) My friend is very happy
- 2) Teacher has advised students
- 3) My school will be clean
- 4) Can I borrow

CARD - II

**he scored highest marks.
to follow the discipline.
if I use dustbins.
your pencil?**

Extension/Parallel Activity/Reinforcement:

□ **Write your own conversation on the following topics.**

- 1) Conversation between a doctor and a patient
- 2) Conversation between two friends

Ans:

1) Conversation between a doctor and a patient

Doctor: Good morning! How can I help you today?

Patient: Hi, Doctor. I want to get fitter.

Doctor: Great! What's your current activity level like?

Patient: I don't move much because of my desk job.

Doctor: I understand. How about borrowing a fitness tracker from me?

Patient: Sure, can I borrow your step counter?

Doctor: Absolutely. It will help you track your daily steps.

Patient: Thanks. I don't think I can do it alone since I lack motivation and knowledge.

Doctor: No worries. I'll provide you with guidance and information.

Patient: That would be great. What do you think about weightlifting?

Doctor: Weightlifting can be helpful, but start slowly and learn proper techniques to avoid injuries.

Patient: I agree. Your guidance is crucial for safe weightlifting.

Doctor: I'm here to help. We'll create a fitness plan together.

Patient: Thanks, Doctor. I appreciate your support.

Doctor: You're welcome. Let's start improving your fitness!

Ans:

2) Conversation between two friends

Raj: Hey, I really want to learn how to do my homework from my textbook. Can you help me out?

Meena: Of course! I'd be happy to lend you my textbook. What subject is your homework in?

Raj : It's for math. I think I can't understand it on my own because I can't solve the problems.

Meena : No problem at all. I can explain the concepts to you. What specific topic are you struggling with?

Raj : Well, it's about fractions and decimals. May I know your thoughts on these topics?

Meena : Sure! I agree that fractions and decimals can be challenging, but with some practice and guidance, they can become easier to understand.
