Rajat comes home from school and finds the door locked. Since he has a duplicate key he enters and finds a note from his mother kept on the table. In it she explains that she had to rush to the hospital with Mrs Manohar, their neighbour, who had met with an accident. She has also written that he should have the rice and curry kept on the dining table for lunch. He could heat the food in the microwave oven if he wanted to, but he should be very careful while handling the switch. Draft the message which Rajat's mother left for him.
