**HAPPY REPUBLIC DAY!!**

On this day in the year 1950, the constitution of our country came into force. That's why from that day this day has been celebrated with great enthusiasm in India. A comprehensive picture of this is that we are all Indians, and Republic Day is celebrated as a united whole by all Indians. India is a democratic country, its history is full of stories of many great leaders and revolutionaries.

A country whose foundation of the constitution was laid by Dr. Bhimrao Ambedkar, Dr. B.R. Ambedkar drafted our constitution taking various amendments, acts, and articles from different countries. Our constitution is not just a document but it is a framework according to which the government has to work. Our constitution also provides a set of fundamental rights to all citizens, giving us certain privileges. The constitution also has a set of fundamental duties and it is the responsibility of every citizen to fulfill these duties. People have made the supreme sacrifice to protect the nation and its unity. Republic Day reminds us of the valor and sacrifice of these great personalities. We all salute these heroes for their selfless service and patriotism. It should be the responsibility of every citizen to follow the path shown by these legends. We must protect democracy, secularism, justice, equality, and freedom at all costs.

**Jai Hind! Jai Bharat!!**
