1) Prepare a tree diagram by using given information about vitamins: (March -2014)

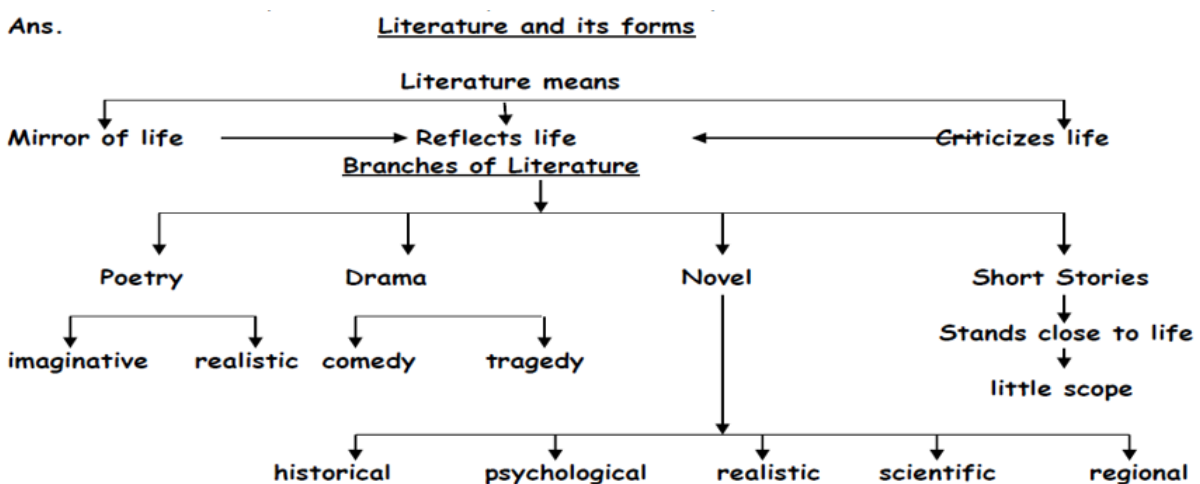

There are in all four types of vitamins: Vitamin A, B, C and D. You will get vitamin A from milk, butter and eggs. Vitamin B is derived from meat and eggs. Fruits and vegetables will provide you with Vitamin C. Vitamin D can be obtained from fish-oil and of course, sunlight. A lack of any of the above four vitamins may cause certain diseases and ailments. Lack of Vitamin A may result in blindness. Insufficiency of Vitamin B gives rise to disorders of the nervous system. A deficient supply of Vitamin C can cause skin diseases. Bone diseases are likely to occur in the absence of Vitamin D.

3) Draw a tree diagram to represent the following:

The word 'Literature' is really hard to define. Many interpretations are made about the word. But all are incomplete. Some opine that literature is the mirror of life; some others say that it is the criticism of life. Whatever may be the controversy about the word, we may say that literature is that which reflects life. The branches of literature are poetry, drama, novel and short stories. Poetry is of two kinds, imaginative and realistic. Drama is either a comedy or a tragedy. Novels are also of many kinds, historical, psychological, realistic, scientific and regional. Short story is that one which stands very close to life in spite of a little scope.
